

MCTC Experience: Your Excellent Tennis Adventure

Every member is asked to make their tennis an Excellent Tennis Adventure, the pathway to winning tennis in partnership with our pros and supported by our employees.

The Excellent Tennis Adventure is like a theatrical production with matinee and evening performances of the MCTC Tennis Experience.

Members are the stars. Staff and pros are the star makers. Yes, we use props, services, and the game to stage the production. We script and stage all sorts of experiences in the adventure:

From tennis legend parking and kid's sneaker art to free jelly beans and compelling coffee.

From top dog club tournaments to cool league parties.

From tournaments galore to a new competitive junior's Tennis Academy.

From the new events expansion in the West Wing and upgrades in the front of the house to a new stretching center, men's locker facilities and newly surfaced courts.

From DropShots, the tennis magazine to Slice, your e-mail newsletter to A Welcome Center dedicated to your adventure and a hot, hot, hot new Web Site www.midlandtennis.com.

From Dartfish video playback and QuickStart tennis for youngsters to Stroke of the Day and intense organized practices along with three different kinds of Cardio Tennis for fitness and a smart heart....

Your Excellent Tennis Adventure keeps you front and center of in an adventure, creating new tennis that will change your life.

We guarantee it!
